Is property located within a historic district? ☒ No ☐ Yes Name of District: _____

Is district listed? ☐ No ☐ Yes

Documentation on the property/district is presented in:

I-495/I-95 Capital Beltway Corridor Transportation Improvement Study
Historic Resources Survey and Determination of Eligibility Report

Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo):*

The Hall Property, constructed in 1913, consists of a 1½-story 5-bay side-gable residence on the south side of Forest Glen Road, immediately north and adjacent to the Capital Beltway. The house lacks architectural significance and material integrity. The building is of wood-frame construction with a concrete block foundation, vinyl siding, and an asphalt shingle roof. The windows are a combination of wood 6/6 double-hung and vinyl 1/1 replacements. The roof has exposed rafter ends and a brick chimney is located on the south gable end of the structure. The house has a replacement shed roof porch on the front, or west elevation. The rear elevation has an enclosed rear porch and a large full-width shed roof dormer on the second story. The south end of the house has a 1-story shed roof addition supported by concrete piers.

The Hall Property is not eligible for the National Register of Historic Places due to a lack of material integrity and architectural significance. The building has had multiple additions, including the enclosure of the rear porch and addition of a large shed roof dormer. The building has been covered by vinyl siding and the front porch has been replaced. Therefore, the property does not retain sufficient integrity to meet eligibility requirements for the National Register of Historic Places under Criteria A, B, C, or D.
